

NZGSTA Workshop on Export Phytosanitary Certification Scheme **10.00am – 12.00noon Tuesday 10th April 2018**

Join our export phytosanitary certification workshop being held in the Seed Industry office auditorium from **10am- 12 noon on Tuesday, 10 April 2018**. The NZGSTA strongly **recommends attendance at this workshop to ensure industry is up to speed with current regulatory requirements**.

The workshop will cover topics including:-

- the consistent referencing of seed lots on phytosanitary certificates
- creating traceability between phytosanitary certification and seed varietal certification
- certified and non-certified seed lot requirements
- electronic certification system developments.

These topics will be useful for those industry members and staff involved in the facilitation or administration of export seed documentation.

Workshop presentations and materials are provided free to all members.

Register for the workshop by emailing tricia.radford@seedindustrynz.co.nz

PLEASE EMAIL YOUR REGISTRATION TO tricia.radford@seedindustrynz.co.nz BY 1st APRIL 2018

Workshop Date: Tuesday 10th April 2018 starting at 10.00am – Numbers are limited to 40 people so early registration essential.

Separate form for each attendee please.
